

Comparing job vacancies and candidates data in a single place as never been easier!

Find the perfect match between candidates and job vacancies by using geographical profiling as well as your existing data tools.

MapThat is an easy to use web interface that allows you to access multiple data sources at the same time. Delivering rapid reporting and a high visual output as well as giving you the geographical information you need – all from your existing databases.

Just some examples of how our customers benefit:

- Target activity based on candidate criteria and geographical knowledge
- Compare vacancies and candidate data in a single environment
- Create catchment areas for clients with Radius or Area searches
- Link to multiple data sources
- Interactive use for your Recruitment team and candidates
- Run graphical searches based on “distance from criteria”
- Web based graphical tool for client presentations
- Create links from pop up bubbles to CV’s and Job descriptions

Easy and Affordable Options

Option 1 – Use the License – Pay Up Front

This option suits organisations that like to pay software costs up front and renew licences annually.

Option 2 – Use the License – 0% Finance

Our 0% finance scheme allows you to reduce the upfront costs and spread your payments over 12 months in manageable and interest free monthly payment.

To keep using the service after 12 months, simply renew the low cost annual maintenance that includes all your updates and technical support.

Option 3 – Software as a Service (SaaS)

Becoming widely known as the SaaS model, Software as a Service allows you to minimise your upfront costs and make monthly payments to continue to use the software. Based on a minimum 12 month contract, the SaaS option gives you the flexibility to base your costs on the number of users and to change the functionality of MapThat as you need it. This means that you only pay for what you need or use and often can be recognised as an operational cost rather than a having to generate any capital budget for a one off purchase.

To keep using the service after 12 months, simply maintain the monthly payments. All upgrades and new features are automatically made available to you at no extra cost and the service is hosted on the web so you don't even need to worry about your own storage space for the service.

Call one of our MapThat Licensing specialists today on 01784 419922 to discuss the options in more detail to find out which one will best suit you.
