

Query, visualise and communicate your business data – easily, with MapThat.

MapThat is an easy to use web interface that allows organisations to run live queries on its data and represent the results via a customised website that delivers visual data in the real world. View information from one or many databases at the same time by allowing MapThat to manage the task and represent results the way a business needs to.

Just some of our customer comments:

- “Web-based and Intranet access makes it easy to use anywhere”
- “Fast set up with minimal fuss”
- “A friendly interface for Business Information”
- “Simple & Easy to Use”
- “Its bespoke and set up just for us”
- “Flexible/Expandable for all back-office systems”
- “Visual aids are fantastic for presentations”
- “Allows us access to wider environment for Business Knowledge by allowing us to link to multiple data sources”
- “Provides a Common Platform”
- “Provides access to live & archived data”

Easy and Affordable Options

Option 1 – Use the License – Pay Up Front

This option suits organisations that like to pay software costs up front and renew licences annually.

Option 2 – Use the License – 0% Finance

Our 0% finance scheme allows you to reduce the upfront costs and spread your payments over 12 months in manageable and interest free monthly payment.

To keep using the service after 12 months, simply renew the low cost annual maintenance that includes all your updates and technical support.

Option 3 – Software as a Service (SaaS)

Becoming widely known as the SaaS model, Software as a Service allows you to minimise your upfront costs and make monthly payments to continue to use the software. Based on a minimum 12 month contract, the SaaS option gives you the flexibility to base your costs on the number of users and to change the functionality of MapThat as you need it. This means that you only pay for what you need or use and often can be recognised as an operational cost rather than a having to generate any capital budget for a one off purchase.

To keep using the service after 12 months, simply maintain the monthly payments. All upgrades and new features are automatically made available to you at no extra cost and the service is hosted on the web so you don't even need to worry about your own storage space for the service.

Call one of our MapThat Licensing specialists today on 01784 419922 to discuss the options in more detail to find out which one will best suit you.
