

# Annotation Usage in ESTmep

## Setup and Use Annotations in Autodesk Fabrication ESTmep 2014

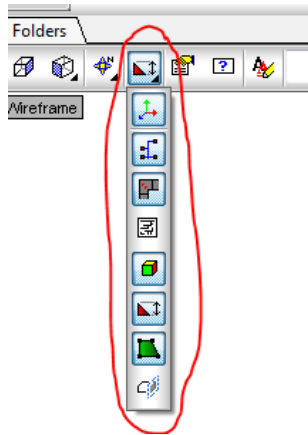

Text and Dimension styles are setup with the STYLES command. Check these first for your required settings ...

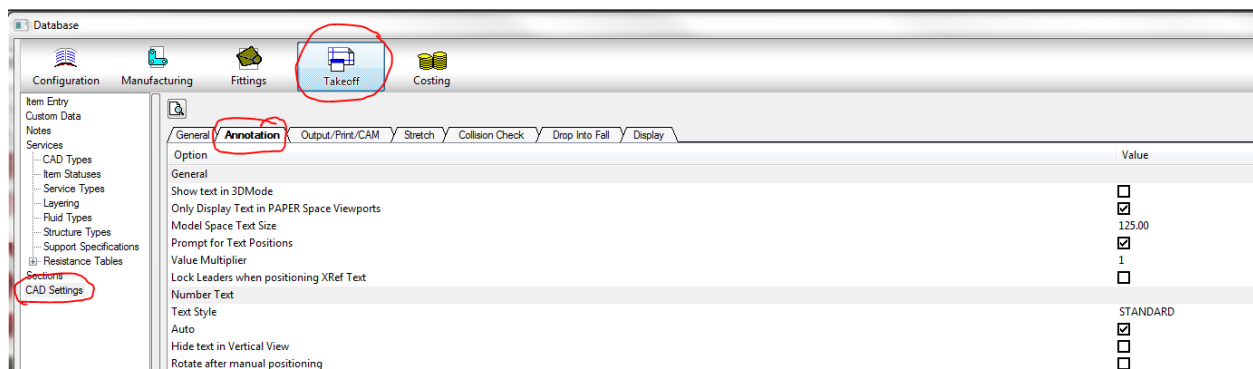

Any annotations you place on new layouts only appear on those layouts...

Ensure you have all the annotation types you want 'Displayed'...

Your placement settings are in **Database > Takeoff > CAD Settings** ...

And then finally you are ready to go. All your placement and delete tools are on the Quick Takeoff toolbar...
